Manufacturing Platform - International

Italy

- **Plant – Milan**
- Area: 9,000 sqm
- Capital intensive production
- Provides design and engineering capabilities; prototypes development; punching and pressing of metallic components; assembly; electronic integration and testing of complete products
- Employees: 140 people

Romania

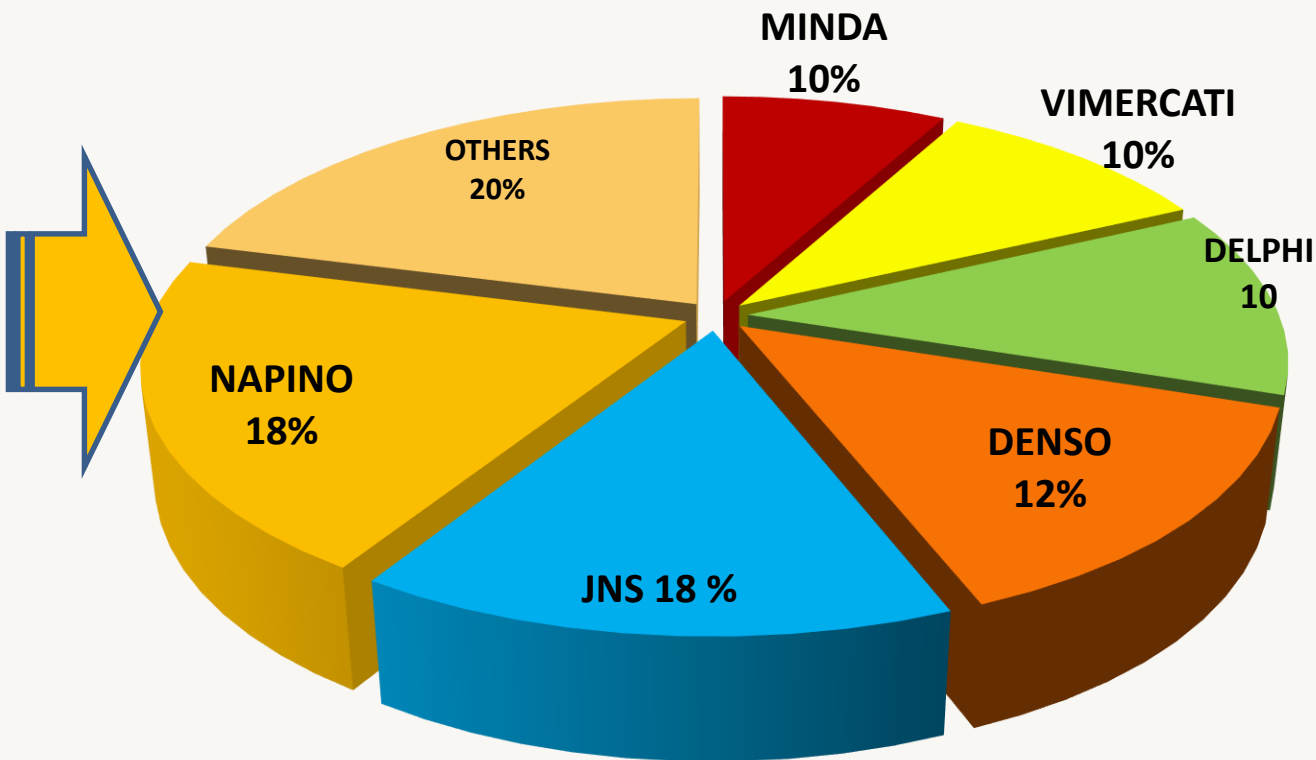

- **Plant Bacau (2 Plants)**
- Area: 6,000 sqm
- Labor intensive production
- Medium Volumes and high level of variants
- Manufactures doors switches and light control units. Also, manufactures wiring harness and switches for customers of Vimercati SPA
- Employees: 250 people

Viney Corporation Ltd

LEADING MANUFACTURER IN INDIA

CAPACITY YEAR

- 2950 Million Terminals.
- 600 Million Connectors.
- 180 Million Wiring Harnesses.
- 17 Million Meters Teflon Wire.
- 180 Million Automotive Lamps

OUR STRENGTH

• **Highly cost competitive because of :-**

- **Backward integration(Terminal, Connectors, wire, Sleeves Rubber Parts manufacturing facilities in house. Planning to set up plant for dip mould components .**
- **Lean organization resulting in low over heads.**
- **Backing of a very strong R & D center & Test lab in Italy consisting of professionals qualified in Electronics & Mechatronics with state of the art Software & Hardware for Design & Analysis.**
- **New R & D facility started in Gurgaon (India) for Design & Tool development.**

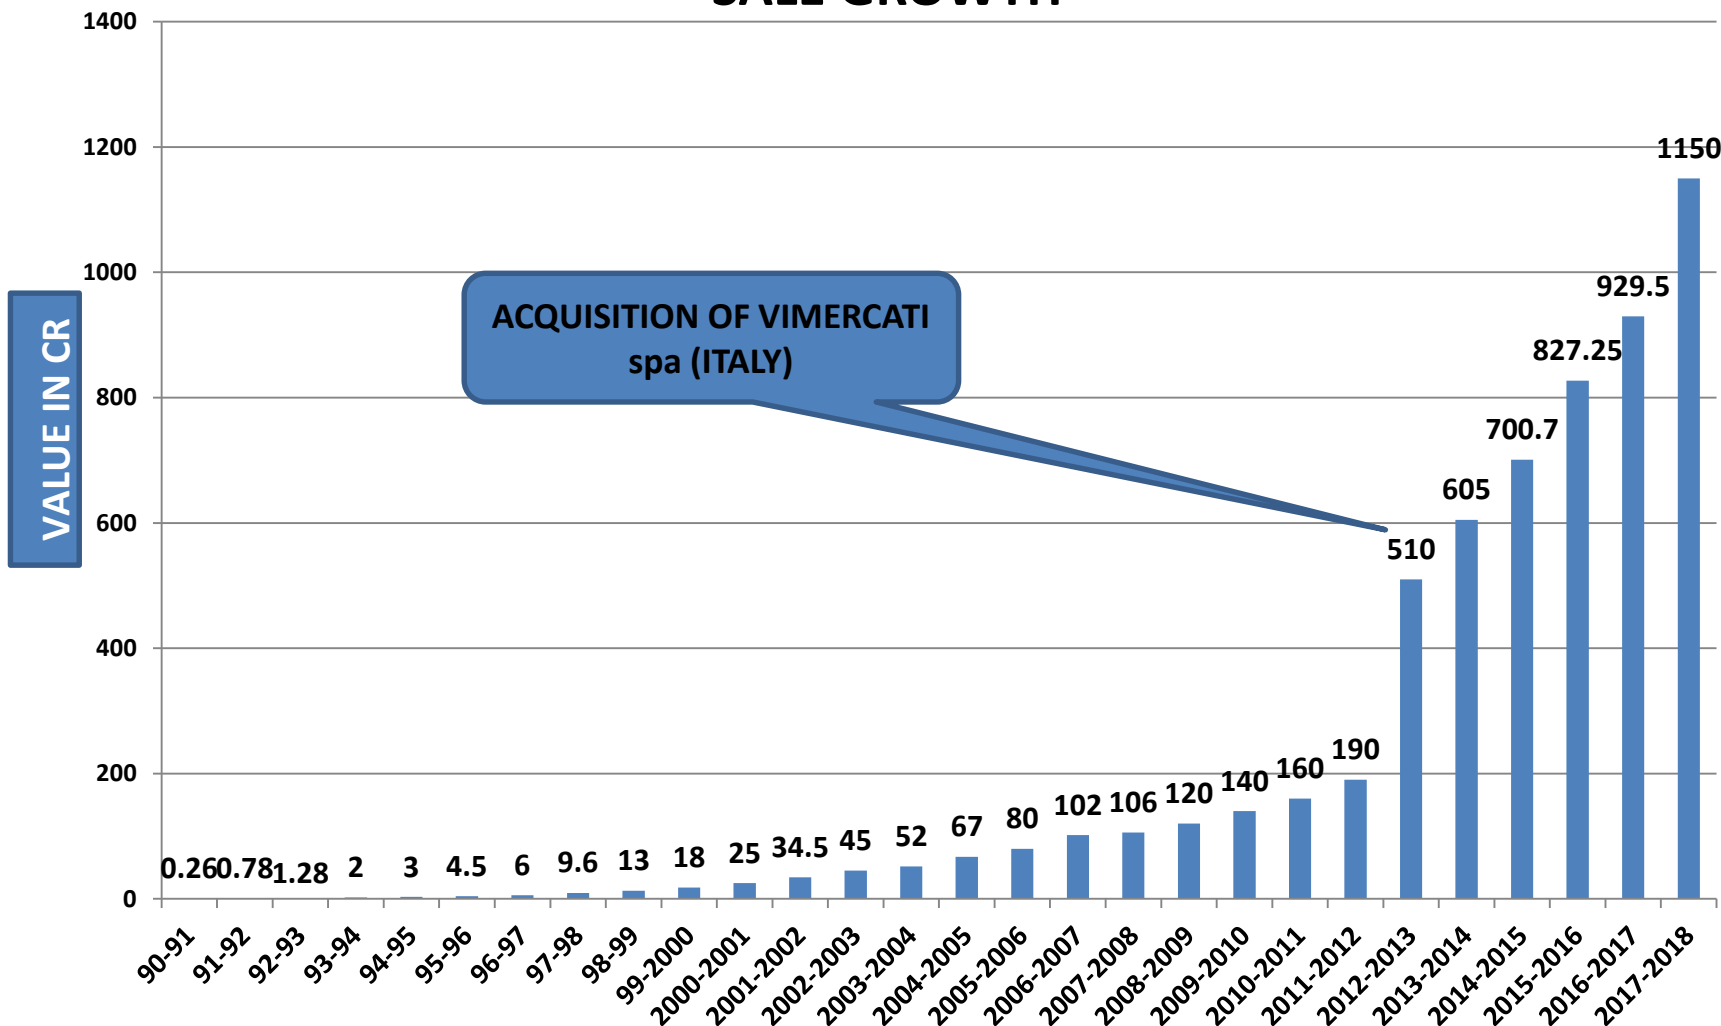

OUR ACHIVEMENTS

- **Sustainable YOY growth of 20-25 % .**
- **Online supplies to Major OEM's .**
- **Increase in customer Base from 9 to 175 & improved share of business.**
- **Penetration In International Market.**
- **IATF 16949:2016 (Certificate awaited) & ISO 14001:2015 certified company.**
